Yearly dues are payable as of January 1st of any given year. Dues for 2010 are as follows:

- \$25.00/year for Regular Members. This membership is for those living in the Southern California area who expect to be able to attend meetings and workshops on a fairly regular basis. *Note: this is a reduced fee as the Society's Journal is not currently in production.*
- Corresponding Members. This membership is for those living outside of the Southern California area who cannot attend meetings and workshops on a regular basis and are joining to receive the Society's Journal. *This membership is currently unavailable. It will be reinstated when the Journal resumes publications on a regular basis.*

Dues are collected by: Herbert A. Gold, (Treasurer)

Founded in 1938, *THE MICROSCOPICAL SOCIETY OF SOUTHERN CALIFORNIA* (MSSC) is devoted to the study and practice of the science and art of microscopy and to the collection and study of related scientific devices. The regular meetings are held on the **third Wednesday** of the month. Lectures by members and outside speakers on microscopical subjects are featured. Workshops are held on the **first Saturday** of the month. Meetings also include a sales table and "show and tell" presentations by the members. Refreshments are served at each meeting. Paid up members receive the MSSC Journal (*when publication resumes*). MSSC members and non-members are welcome to submit microscopically related articles for publication in the Journal.
